

# The Ultimate Marine Dock Board Comes in a Wide Variety of Color Options

TanDeck™ is a highly durable and resilient marine dock board engineered for residential boat docks, marinas and light commercial applications. Ideal for piers, waterfront properties and structures, it allows you to enjoy your investment without spending your free time maintaining it.

## FEATURES

- **Strong and Practical** - 5/4x6 TanDeck™ allows up to 16" on-center spans and 2x6 up to 24" to replace wood decking for residential and light commercial applications. TanDeck™ is embossed with a wood like texture on both faces.
- **Quick install** - No pre-drilling needed for fasteners. Work with TanDeck™ using conventional work tools.
- **Wood-free** - Exceptional resistance to moisture, fading, insects, splintering, warping and exposure to the harsh marine environment.
- **Low Maintenance** - NEVER needs waterproofing, painting or staining; light cleaning is all that is required.
- **Lasts a lifetime** - 50 year limited warranty.
- **Environmentally Friendly** - Made from recycled plastic, like those found in milk containers. Redirecting from the waste stream and recycling in-house at Tangent, we give new life to this valuable raw material. Certified to meet Federal Trade Commission Green Guidelines.

Sand Weathered Wood Light Gray

## STANDARD COLORS

Antique Mahogany Driftwood Gray Birchwood Coastal Gray

## PREMIUM COLORS

Cedar Beach Light Oak Redwood Bright White

## SPECIAL ORDER COLORS

Please contact your TanDeck™ dealer for stocked colors, stocked lengths and pricing.

Non-stock colors and lengths are subject to a lead-time and are non-returnable.

Custom colors can be matched, depending on scope of the requirement.

Premium, Special Order & Custom colors are sold at a premium over Standard colors.
